MODEL
VIKING YouSafe™ Mission

VIKING YouSafe™ Mission

Tactical inflatable lifejacket designed for use military appliances. Cutting edge design with a 220 N buoyancy chamber for a more compact lifejacket that provides superior turning capabilities and stability.

- Compact, non-intrusive contour and length that is designed to follow natural body movements and fit in with other equipment
- Fully automatic lifejacket including a Halkey-Roberts® inflation unit with a single point indicator showing operational readiness
- Lifejacket and cover is fully integrated for efficient re-packing/re-arming, ensuring compact stowage
- Meets latest ISO12402 requirements

VIKING YouSafe™ Mission, inflatable lifejacket, CE/ISO
Product number: PV9450
